Making a Difference.

Join Us as We Make a Difference in Our Communities.

HEALTH FAIRS: Provide a vast array of educational literature, bookmarks, stickers, key chains, coloring books, posters, and more at community health fairs.

HANDWASHING: Teach children in schools and after-school programs about the importance of handwashing in preventing the spread of germs and illnesses.

THE PEDOMETER PROJECT: Educate schoolchildren about good nutrition and exercise based on the success of our Worcester-based pedometer project.

SAVE PROJECT: Join the American Medical Association Alliance campaign to **Stop America's Violence Everywhere** through local community initiatives.

ANTI-BULLYING CAMPAIGN: Work with school nurses to distribute literature about bullying to prevent school violence.

COLLABORATION: Work with district and state medical societies on special initiatives such as the anti-tobacco poster contest for children grades one through six creating posters on the dangers of smoking.

DOCTORS' DAY: Plan an annual event to celebrate the contributions of our physicians.

MAKE A DIFFERENCE DAY: Provide essential items to shelters housing survivors of domestic violence.

LEGISLATIVE ADVOCACY: Learn about legislative issues of concern to the medical community and educate those around you.

HOUSING FOR PROSPECTIVE RESIDENTS: Open your home to a medical student, resident, or fellow during his or her interview process.

The Alliance and its members also enjoy social activities such as potluck dinners, book clubs, and summer barbecues.

We are the Voice of the Family of Medicine

Who We Are.

The Massachusetts Medical Society Alliance (MMSA) is a dynamic organization of physicians' spouses, physicians, medical students, partners, and friends committed to advancing the health and well-being of the family of medicine.

The Alliance, in partnership with the Massachusetts Medical Society, educates and promotes good health among the citizens of the Commonwealth of Massachusetts.

Membership opportunities include the following:

- Network and connect
- Medical family support
- Educational programs
- Leadership development
- Legislative impact
- Member publications

We Focus Our Efforts in Four Major Areas.

LEGISLATION

The MMSA increases awareness of legislative issues affecting health care through frequent online updates and alerts, advocacy training, and educational workshops.

HEALTH PROMOTION

Our volunteers work to promote healthy communities. The MMSA is actively engaged in campaigns to stop smoking, fight obesity, increase fitness, and prevent the spread of disease through our handwashing campaign. Alliance members support injury-prevention awareness through helmet safety and seatbelt legislation.

FOUNDATIONS

We are committed to the MMS and Alliance Charitable Foundation, which awards grants for physician-led volunteer initiatives that provide access to care for the medically underserved, as well as community health initiatives that target public health issues. We also support the AMA Foundation to provide grants for medical education, research, and community health.

NETWORKING

Support for medical families by recognizing needs, sharing common experiences and interests and providing educational and social networking events. Our members understand medicine, medical issues, and the medical family at all stages of the medical practice from training years through retirement.

Join us in our efforts to prevent the spread of disease through our handwashing campaign featuring Soapy™ for grades kindergarten through three. MMSA members give presentations on proper handwashing techniques and supply coloring books, stickers, and brochures children can bring home to their parents.
