

# Can You Use an Extra \$5,000?

## About the Award

Each year the Massachusetts Medical Society's Committee on Information Technology recognizes both a medical student and a member of the hospital house staff or training program for the creation of information technology solutions for medicine.

The two Medical Information Technology Awards are presented annually for functioning projects substantially completed in the past year that use technology to assist physicians in the practice of medicine, the teaching of medicine, or the pursuit of clinical research. The winning applicants in each category are awarded a prize of \$5,000 in the spring of 2019.

Dr. YiDing Yu, MMS resident award winner 2013–14 and founder of Twiage ([twiaged.com](http://twiaged.com))

## Who Is Eligible?

The applicant must be a student, resident, or fellow at the time of submission and be enrolled in one of the four Massachusetts medical schools or a Massachusetts hospital or training program.

## When Are Applications Due?

Initial expressions of interest are accepted through **October 28, 2018**, with full applications due by **November 25, 2018**. Finalists in both categories will be expected to present in person in Waltham during the first two weeks of January 2019.
