Provide input to the following governing bodies:

**Board of Trustees (BOT)**
The BOT serves as the Board of Directors and is responsible for prioritization, oversight, and implementation of policies and directives approved by the HOD, the administrative management of the MMS, committee activities and continuance, and strategic planning for the Society.

**House of Delegates (HOD)**
The HOD is the policymaking body of the MMS and is responsible for setting long-range goals of the MMS and electing MMS officers and Massachusetts AMA Delegates. MMS delegates serve an important communications, policy, and membership link between the MMS and grassroots physicians.

- **20 Districts**
  Each district elects members to serve on the HOD, the BOT, and the Committees on Legislation and Nominations.
- **40+ Committees, Governing Sections, Member Interest Networks, and Task Forces**
- **25,000+ Members**
  (Physicians, Residents, and Medical Students)

The Society's governance structure provides the opportunity for its membership to become involved in educating and advocating for the patients and physicians of Massachusetts. Our members help to shape MMS policies, programs, and activities through involvement in various committees, task forces, and district representation.
