# Doorstep Care Today

## Designed for integrated care

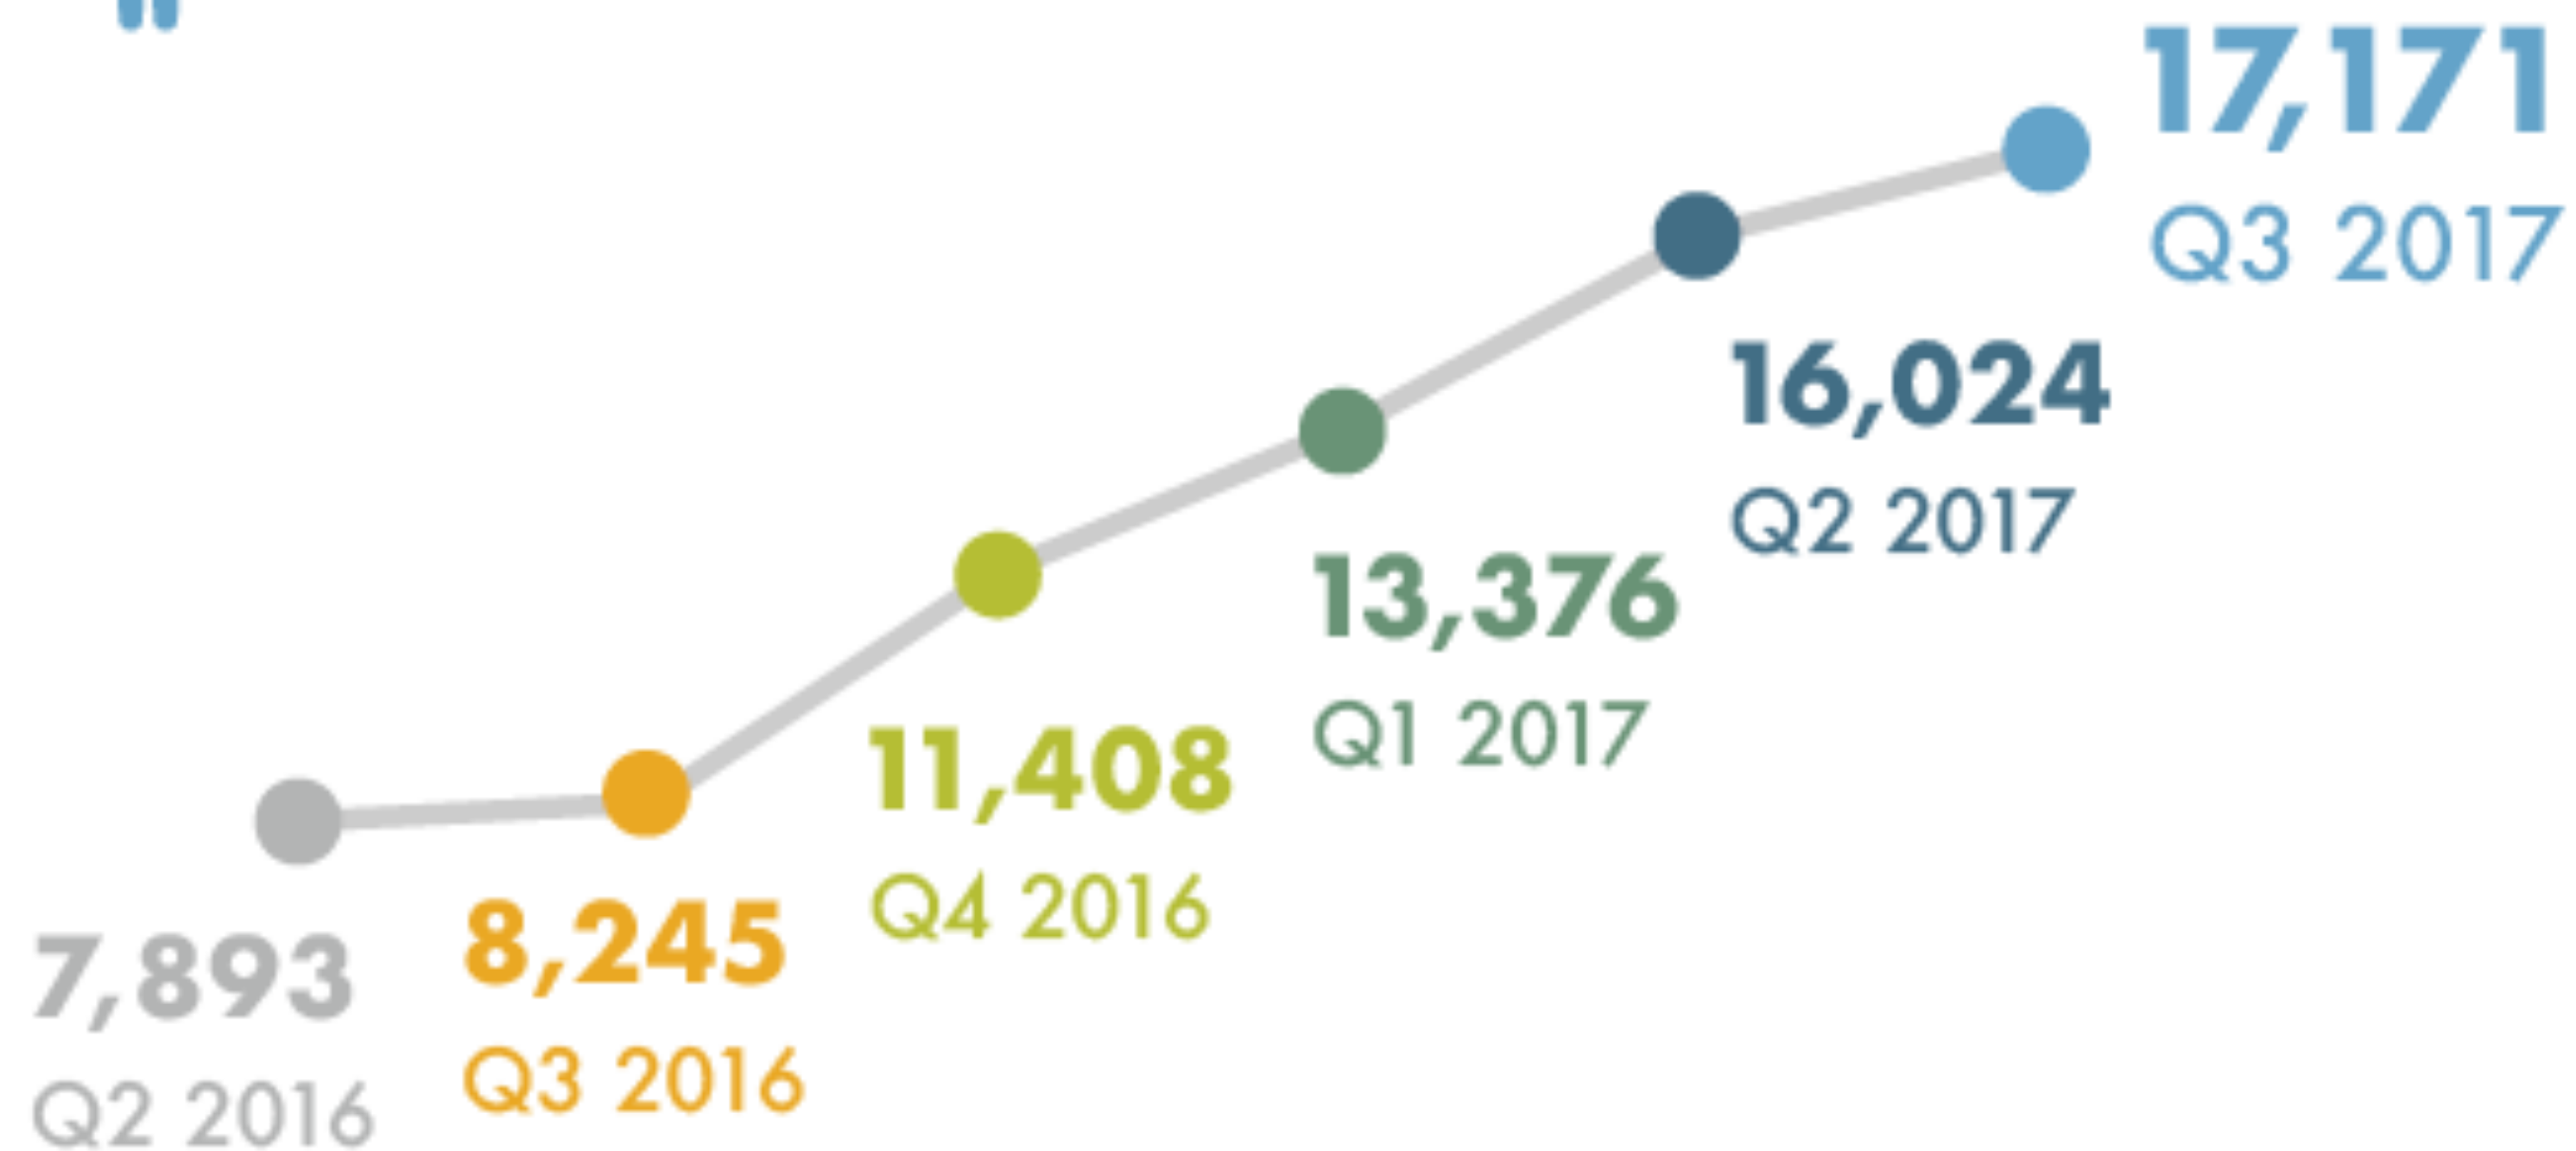

- Family planning distribution and referrals
- Antenatal care and postnatal care
- Childhood immunizations
- Integrated community case management (ICCM)
- Malnutrition screening and growth monitoring
- Community-based disease surveillance
- Performance management

# Current Scale

Health workers supported by our tools  
in Q3 2017

## Largest Networks

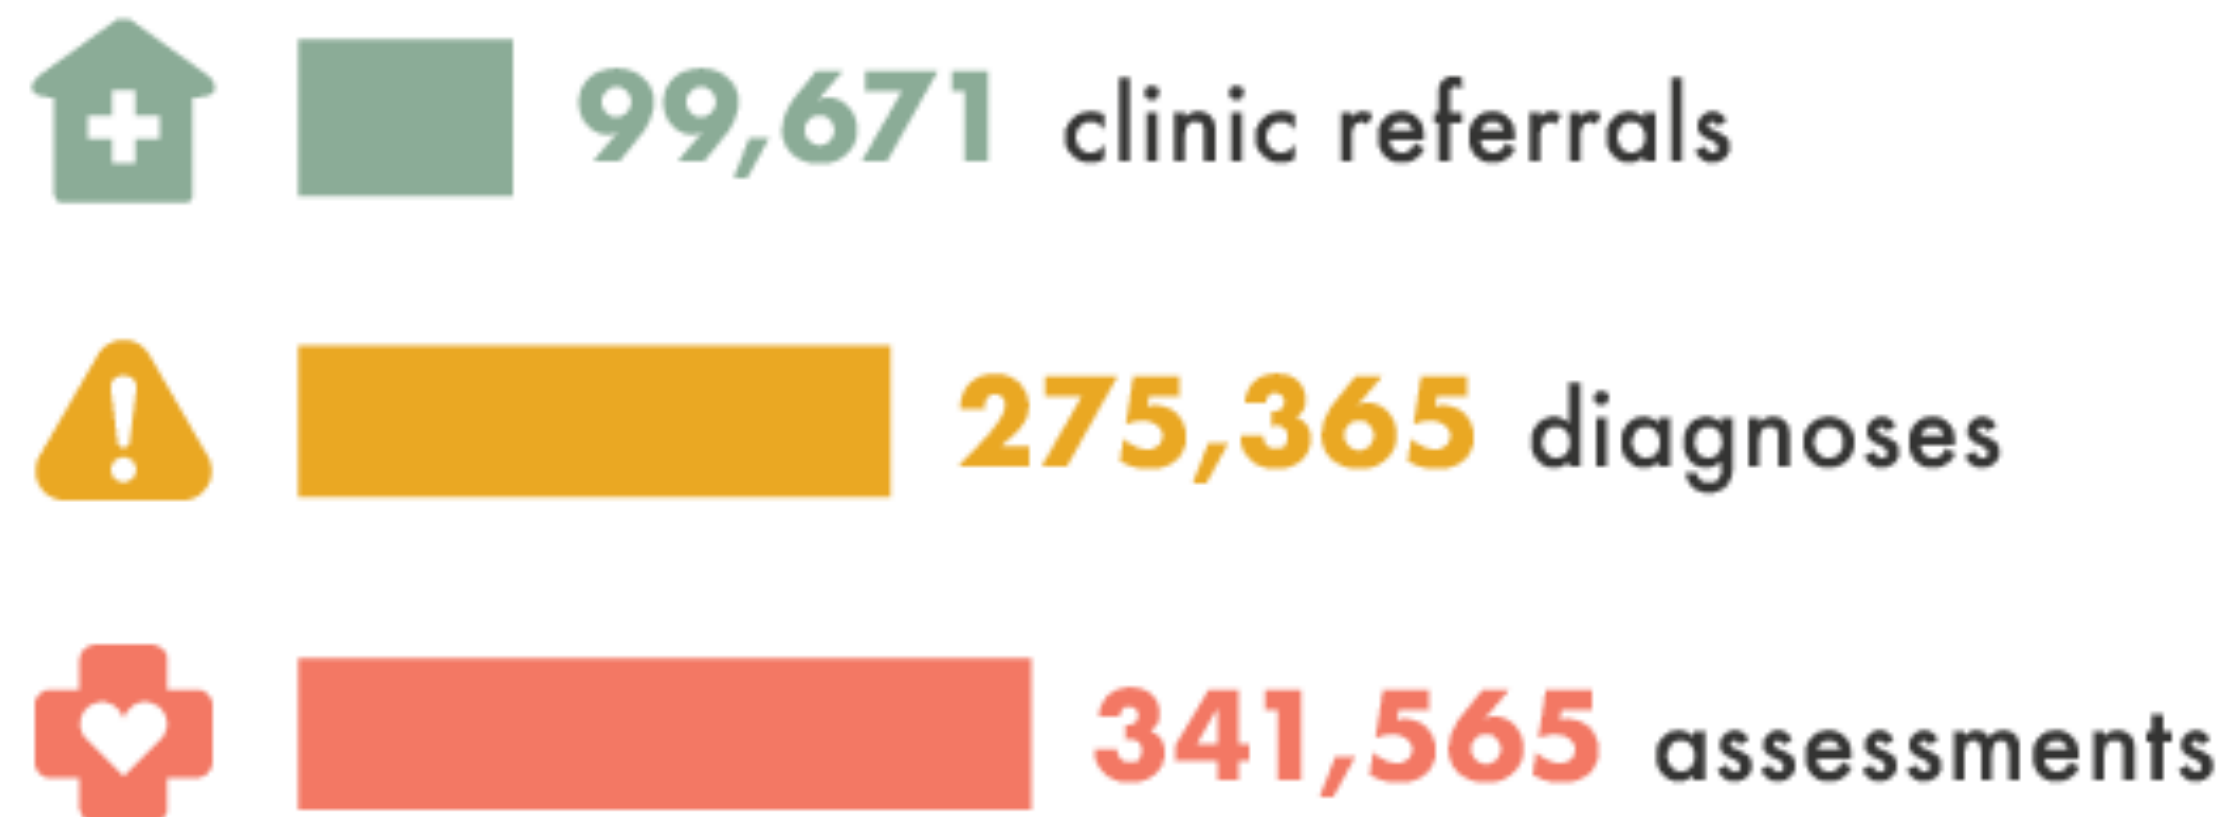

- Uganda
- Nepal
- Kenya

# Current Scale

500,000 home visits per month

## Caring for children in Q3

## Antenatal care in Q3

## What's Ahead

Equip 3,300 health workers in Q4,  
network of 35,000 by end of 2018

Making this approach normal and  
supporting Ministry of Health leaders

Even more decentralized care

Putting data to work for people

Supporting care for 100 million people  
between 2017 and 2021

Thank you
