Why Physician Groups Choose the Massachusetts Medical Society

With 23,000 members across specialties and settings, MMS is the largest physician-led organization in Massachusetts. We represent the physician voice in health care policy, provide best-in-class medical education, and connect your physicians to the most trusted journal in medicine — the *New England Journal of Medicine*.

Benefits for Your Group Practice:

Support your physicians while strengthening your organization.

- **Advocacy and Autonomy** — MMS delivers legislative influence, expert testimony, and lobbying to address public health and practice sustainability.
- **Financial and Operational Support** — MMS corporate partners and programs help resolve payer issues, reduce costs, streamline operations, and save patients money.
- **Up to 30% Savings on State Membership Dues** — Groups with 5+ physicians receive significant savings on state dues.
- **MMS Brand Advantage** — Send a strong message to physicians and patients about your commitment to health care quality and advocacy.
- **Talent Development** — Physicians build leadership skills through governance, committee roles, CME, and leadership programs.

Testimonial:

“Our MMS group membership enhances the professional satisfaction of our physicians and reinforces our mission to lead with integrity and evidence-based care.”

—Group Member

Benefits for Your Physicians:

Every physician in your group receives \$1,000+ in value.

- **NEJM.org** and **JWatch.org** digital subscriptions
- **50% savings** on online CME, signature, and leadership programs
- **Leadership opportunities** through MMS committees and districts
- **Mentoring** and employment resources
- **Grassroots advocacy and representation** at the state and national level

Helping you build a stronger, smarter, more satisfied physician team.
