Turn over for Governance Overview.

GOVERNANCE OVERVIEW

The Massachusetts Medical Society (MMS) is composed of its constituent district medical societies and is governed by elected and appointed officials. Policy decisions and initiatives are formed through a democratic process reflecting the voice of its membership. Members serve on committees, task forces, and sections to carry out the work of the Society.

We need your voice, your ideas, and your passion to advance the mission of the MMS. The strength and effectiveness of our Society rely on the commitment and participation of its members from the district level to the national level.

Learn more: massmed.org/governance and massmed.org/corporatedocuments

How Our Process Works

The MMS is governed by a **Board of Trustees (BOT)**. The BOT has responsibility for setting priorities, administrative management of the Society including personnel, property, and fiscal affairs, approving the annual and supplementary budgets, and the coordination of all committee activities.

Learn more: massmed.org/leadership and massmed.org/bot

The **House of Delegates (HOD)** is the policymaking body of the MMS which has the authority to establish two general types of policy: health policies and directives. Members of the HOD serve as an important link between the MMS and grassroots physicians. The HOD is composed of delegates elected by the 20 district medical societies, medical specialty societies, and sections, and convenes twice a year for two days in late fall (Interim Meeting) and spring (Annual Meeting).

How to Become a Delegate

MMS members interested in serving as a delegate to the MMS HOD need to contact their local **district medical society, section, or medical specialty society** to express interest and follow district policy guidelines.

Learn more: massmed.org/hod

A group of MMS members are elected to represent Massachusetts physicians, residents, and medical students at national meetings of the American Medical Association.

Serving as an HOD Reference Committee Member at the HOD Meetings

Reference committee members serve for one year, at both the Interim and Annual Meetings of the HOD. Each reference committee is composed of five members and two alternates who hold open hearings on the resolutions and reports assigned to the committee by the HOD Speaker.

Any member of the Society can ask the House to consider an item of business. Those items, called *resolutions*, are drafted and submitted prior to each HOD meeting. The deadline for submission of resolutions and reports is 45 days prior to the first session of the meeting.

Serving on Committees, Task Forces, and Sections

The Society currently has **committees, task forces, and sections** where much of the important work of the Society is accomplished. There are three classes of committees: Standing, Special, and Advisory. Please contact Karen Harrison at (800) 322-2303, ext. 7463, or email kharrison@mms.org with any questions or interest. The application process typically occurs annually in February/March.

To serve on a district committee, please contact your district medical society for more information. To serve on a section or task force, please reach out to an MMS staff liaison identified on the committee web page.

Member Interest Network (MIN)

Governed by the MIN Executive Council, the **Member Interest Network (MIN)** provides a way for you to participate in Society activities related to arts, history, humanism, and culture at the level you choose. The MIN is open to all MMS members. Please contact Cathy Salas at (781) 434-7715 or email csalas@mms.org.
