Help strengthen the MMS.

When physicians come together as one unified voice, we can collectively make change happen in health care. We believe that great people know other great people, and we trust your judgment in recommending individual physicians who would be a perfect fit for our community.

- Please share the benefits of membership with your colleagues.
- Discuss recent advocacy efforts.
- Inform colleagues about upcoming signature CME programs.
- Educate your colleagues about the important role physicians can play in shaping health care policy.
- Describe your involvement with the MMS and leadership opportunities.

You will receive a \$25 gift certificate to Lands' End.
